You'll find everything you want to make your vacation a pleasant one at Mono Village, the "Fishermen's Resort," located on Upper Twin Lake.

Nestled in one of the most rugged and most scenic parts of the High Sierras, yet at an elevation of only 7,000 feet, and easily reached by a surfaced road from Bridgeport, only 14 miles away, MONO VILLAGE is popular with fishermen, hunters and campers . . . and their families. There is sport and recreation for all who come to Mono Village . . . in the mountains as well as on the lake. Fishing and hunting licenses available.

The fishing season extends from the first of May to the end of October each year, with boat and shore fishing excellent during that time. Angling is nearly always good on Upper Twin Lake because there are many native fish there, and because the California Department of Fish and Game plants it regularly with catchable-size Rainbow Trout. Lower Twin Lake is but a short walk or drive along the paved road. If it's back country fishing you want, it's only a short hike to some of the finest high country lakes and streams.

Deer hunting is always popular at MONO VILLAGE and many hunters make our place their headquarters during the season.

A well-stocked store offers groceries, fishing tackle, off-sale liquor, ice, bait. We carry an adequate line of Ladies' and Gents' Wear. We have a coffee shop and a cocktail lounge.

Fall is one of the finest seasons of the year at Mono Village. Fishing is at its best late in September and in October . . . and the tree coloring is something you must see for yourself . . . words are inadequate to describe the beauty. Yes, you are sure to enjoy the Fall's beauties and pleasures in the Sierras.
